## The Bulletin

Norwich, Friday, Dec. 29, 1933.

### THE WEATHER

**Conditions.**  
The disturbance that was central over Kentucky Wednesday night has begun to move east-northeastward and it was centered as a severe storm Thursday night off the southern New Jersey coast. It has been attended by strong northeast gales along the Atlantic coast, north of Delaware breakwater, and by general precipitation east of the Mississippi river, except in the upper lake region.  
The snowfall was heavy in portions of New England. The highest wind velocity reported Thursday was 40 miles an hour from the northeast, Atlantic City, N. J., Block Island, R. I., and Eastport, Me.  
The temperature was lower Thursday east of the Mississippi river.  
The coast storm will move northeastward, attended by strong northeast gales, north backing to northwest gale, along the North Atlantic coast and by snow in the portions of the North Atlantic states Friday. Otherwise generally fair weather will prevail Friday and probably Saturday in the Atlantic states.  
The storm will not change materially east of the Mississippi river Friday and it will rise slowly during Saturday.  
Advisory 9 p. m. show gale warnings remain in effect from Block Island, R. I., to Cape Cod, and storm warnings elsewhere from Cape Hatteras to Eastport, Me.  
Storm of marked intensity general off southern New Jersey coast, moving northeastward, attended by strong northeast gales.  
**Winds.**  
North of Sandy Hook: Strong, north-northeast, backing to north, and northwest gales, with thick weather; snow or rain Friday.  
Sandy Hook to Hatteras: North and northwest gales, diminishing during Friday; weather overcast; probably rain or snow over north portion.  
**Forecast.**  
For Southern New England: Cloudy Friday, possibly snow Friday morning; Saturday fair; slowly rising temperature.  
**Observations in Norwich.**  
The following observations show the following changes in temperature and barometric changes Thursday.  
Ther. Bar. 7 a. m. 28.39.29 12 m. 28.39.29 5 p. m. 28.39.29 8 p. m. 28.39.29

### GREENVILLE

Mrs. Charles Perry and children are spending the week with Mr. Perry's parents in Waterbury. Mr. Perry was in Waterbury for the holidays.  
Mrs. P. O. Williams in Boston for several days visiting her mother.  
Dr. and Mrs. J. Brodowski, Mr. and Mrs. Charles Zawodski and daughter, Rhonda, and Edward Swanson of New York have returned home after spending the holidays with Mr. and Mrs. Martin Rosycki.  
Mr. and Mrs. James Brady have returned home after visiting their parents, Mr. and Mrs. John Timmerman and Mrs. Mary Brady of Pittsburg, Mass.  
Thomas McCornell of Pennsylvania Dental school and Jerome Driscoll of the University of Vermont, are spending two weeks' vacation at their homes.  
Mr. and Mrs. Joseph Campbell have returned home after spending the holidays in West Warren, Mass.  
Rev. and Mrs. W. H. Smith of Westfield, formerly of St. Andrews, spent Christmas with Mr. and Mrs. W. J. Bannell of Fourteenth street.  
Miss Catherine Driscoll of North Main street is a patient at St. Francis hospital, Hartford, for a minor operation on her foot.  
Miss Marie Gable has returned to St. Francis hospital, Hartford, after visiting her mother on Central avenue.  
Miss Eunice Taft of Bowdoin avenue is spending the week with her aunt, Mrs. Van der Mark at Waterbury.

### TAFTVILLE

A delivery truck owned by a local grocer lost a wheel Wednesday evening while proceeding along South Second avenue. The wheel left the car and rolled toward the curb, colliding with a car that was parked there. The truck continued for some little distance and when it was brought to a stop it was found necessary to transfer the load of groceries to another truck and tow the disabled truck to a garage for repair.  
A new fire alarm has been installed on North Second avenue by the Firemen's union. The apparatus consists of a signal horn connected to a box lower on the pole. The horn sounds the alarm when the glass in the box is broken. One of these signal horns has been for some time in operation on a pole on Merchants' avenue.  
Many of the gutters along the village became jammed by small pieces of ice during the storm Thursday, and as a result some of the streets resembled small lakes. At the corner of North A street and North Second avenue both pipes leading to the sewers were blocked and the water overran the street and sidewalk to a depth of several inches. Shrubbery, trees, poultry molting and trees were recovered. While the small blizzard was in progress Thursday afternoon several youngsters had their sleds out to enjoy the return of snow and a few used their sleds in the streets. One amusing sight was a small boy riding in a toy automobile with ropes bound about the car wheels to prevent him from sliding.  
Mr. and Mrs. Philip C. Dion, Asa Dion and Miss Violet Dion of Merchants' avenue, are in Central Falls, R. I., to attend the funeral of a relative.  
The many friends of Albert O. Lambert of North A street, who is at the Backus hospital, suffering with pleurisy, are glad to learn that he is now able to sit up for a short time each day.  
George Kinder of North Third avenue is in Attawapung, the guest of Mr. and Mrs. William Kinder.  
Mr. and Mrs. Hartwell Thompson of Hartford returned early in the week after a short visit with Dr. Thompson's parents, Dr. and Mrs. George M. Thompson, of North Second avenue.  
Mr. and Mrs. Henry Kendall of Lisbon have returned from a short stay in Willimantic.  
Mr. and Mrs. Edward Davignon and family of Plainfield have been recent guests of Mrs. Davignon's mother, Mrs. Mary McCarthy, of Merchants' avenue.  
Walter Lebow has resigned his position with the Potomac company and has left town.  
The regular meeting of Court Wagon.

## TRIAL OF \$1,000 DAMAGE SUIT SET IN COMMON PLEAS COURT

Trial of the case of John A. Johnson and Mary Johnson, husband and wife, of Norwich, against Paul Anderson, a sailor formerly stationed at the Submarine Base, now of California, for damages of \$1,000 as the result of an automobile accident, was started before Judge Charles B. Waller and a jury in the court of common pleas in New London Thursday. The plaintiffs claim that Mr. Johnson was driving their Ford automobile in a southerly direction on the road from Norwich to the Submarine Base on Oct. 31, 1930, when their machine was struck by a Chevrolet car owned by the defendant, who was going in the opposite direction. The plaintiffs allege that Anderson was driving recklessly and carelessly. It is claimed that the Ford machine was damaged to the extent of \$100 and multiple damages are sought under the statute.  
The following jury was selected to try the case: Joseph B. Connell of New London, Isaac Bromley and Charles P. Rowland of Groton; Earl C. Lathrop, Hiram Amburn and Robert T. Baker of Montville; Otis Abel of Stonington; Allen Young, John C. Bolles and George S. Peabody of Waterford; Walter Scott and Winfield N. Hanney of East Lyme; Attorney Benjamin H. Hewitt represents the plaintiffs and Attorney Clayton B. Smith is counsel for the defendant.  
Mr. Johnson was the first witness called and testified that he was driving his Ford machine from Norwich when just above the Submarine Base the Chevrolet car driven by Anderson approached from the opposite direction. When within a few feet of his car, the Anderson machine suddenly swerved toward the left and struck the Ford. Marcus L. Trail, garageman of Groton, testified to going after the Ford after the collision and bringing it to his garage. He told of the extent of the damages and the repairs he made on the machine. His bill was \$175.

### FISHING CO. INCREASES COMMON STOCK TO \$4,000,000

Stockholders of the United States Fishing Company met in special session Thursday afternoon at 2 o'clock at the Norwich Savings Society for the purpose of considering and acting upon a proposal to increase the authorized common stock of the company from \$2,000,000 to \$4,000,000 by the authorization and issue of ten thousand shares of new common stock.  
In the absence of the president, Henry R. Thompson, the meeting was called to order by Andrew C. Imbrie, treasurer of the company, who stated that the directors had deemed it advisable to convert a part of the accumulated surplus of the company into common stock through the declaration of a stock dividend of ten thousand shares having a par value of \$1,000,000. This, however, was conditional upon the amendment of the company's certificate of incorporation by vote of the stockholders so as to increase the authorized common stock from \$2,000,000 par value to \$4,000,000. The effect of such a dividend would be to reduce the surplus account by a million dollars and increase the common stock by an equal amount.  
Mr. Imbrie stated that the directors at their meeting on December 22, 1932, accordingly voted a common stock dividend to the holders of common stock of record at the close of business on December 21, 1932, at the rate of one share of stock for each three shares then held, conditional upon a proportional increase of the common stock by vote of the stockholders, such dividend to be payable as of the date of such approval and increase.  
A large majority of the holders of preferred and common stock were present in person or by proxy and the proposal of the directors to increase the common stock was ratified.  
Among the stockholders attending the meeting in person were the following: Albert S. Bard, Herbert B. Cary, James L. Case, John P. Huntington, Andrew C. Imbrie, Charles D. Noyes, Edward B. Palmer, James Purdon, John F. Rogers, Herbert J. Wells, Frank Woodward and William B. Young.

### IS NOT CONSIDERING NEW HIGHWAY READ

Governor-elect Charles A. Templeton authorized the statement Wednesday that he had not been approached in behalf of, or considered, anyone other than Charles J. Bennett for appointment of state highway commissioner. Commissioner Bennett's term expires July 1 next, and it will be incumbent on the new governor to make to the incoming session of the legislature an appointment for the new term of four years. There have been several reports that he did not want to be reappointed. The governor-elect said that Commissioner Bennett met him by appointment soon after election and informed him that he had some misgivings about accepting a reappointment as highway commissioner, owing partly to the fact that he considered the salary inadequate and the prospects for the future uncertain. Nothing definite was settled, however, and the governor-elect said that the pressure of his duties in preparing his inaugural message and incidental matters had resulted in his laying aside the matter for the time being, as there was no need for haste.  
The salary of the highway commissioner is fixed by statute at \$5,000 a year. An effort was made in the legislative session two years ago to increase the salary, but it failed in the economy wave along with proposals for all other salary bills. At the same time a move to trim down the salary of Secretary A. B. Meredith of the state board of education from its figure of \$8,000 was vetoed by the legislature. A bill which proposed a minor amendment in the section of the statute which provides for the fixing of the salary of the secretary of the board of education.

### CONTAGIOUS DISEASES IN EASTERN CONN. TOWNS

According to the morbidity report issued by the state department of health for the week ending December 23, the cases of contagious diseases in this section of the state are as follows: Diphtheria, Groton (B); New London, 1; Norwich (C); Preston, 1; Killingly, 1; Plainfield, 2; Typhoid fever, Groton, 1; Scarlet fever, Groton (B); 1; Norwich (C); 1; Mansfield, 2; Pomfret, 1; Thompson, 1; Willimantic, 1; Whiting, 1; Groton, 2; Mansfield, 1; City, 2; Stonington, 2; Pomfret, 1; Putnam (C); 2; Thompson, 1; Woodstock, 2.  
There was a decrease in the number of cases of typhoid fever, scarlet fever, whooping cough and measles over the week previous, but an increase in cases of diphtheria. Measles fell off 25 cases during the week, and whooping cough 27 cases.  
No. 28, F. of A., at which the annual election of officers took place, was held Thursday evening at St. Louis hall. Chief Ranger Allan Boyle presided. The election resulted as follows: Chief, William Smith; sub-chief, William Roach; junior past chief, James Dunlop; financial secretary, Ernest Jarvis; treasurer, Frank Durr; recording secretary, William Brown; senior woodward, Louis L'Heureux; junior woodward, Henry Peppin; junior Benoit, Donat Plante; pharmacist, Peter Benoit; physician, George Thompson; auditors, William Roach, John W. Bletcher. The officers will be installed at the next regular meeting of the court.  
Alfred Durand of South Second avenue, who was taken to his home by a fall on the ice several weeks ago, has returned to his work.

### TOO LATE FOR CLASSIFICATION

WALL BROTHERS' baby chicks, White Leghorns, Rhode Island Reds and White Rocks; heavy laying strains; catalogues, A. B. Hall, Wallingford, Conn.

This is in addition to whatever other benefits may be provided by the state workmen's compensation act.  
One of the novel features of this plan is that no medical examination is required. The employee names his beneficiary in the same manner as he would under an ordinary policy, and has the privilege of changing this person from time to time, as circumstances may demand.  
The plan provides benefits not only in case of death, but also total permanent disability. In the event that an employee becomes totally and permanently disabled before reaching the age of sixty, he will receive the full amount of his insurance benefits either as a lump sum or in monthly installments, according to any one of several plans which he may choose. If death should occur during this period, the remaining installments will be paid to his beneficiary.  
The Metropolitan Life Insurance Company of New York, which the Ashland cotton mills has taken out its policy, through the Norwich agency, maintains in the city a visiting nursing service for the benefit of its industrial employees and their families. This service is now extended to the employees of this company who are insured, and who reside within the nursing district. In case an employee becomes sick or injured, a graduate nurse will call at his home, make the patient comfortable, carry out the instructions of the attending physician, and render whatever other bedside care may be necessary. This service is without expense of any kind to the employee, and no deduction from his salary. The value of his policy at the time of maturity.  
One of the valuable features of this plan is the health literature supplied by the Ashland company. The Metropolitan Life Insurance Company has prepared by some of the greatest experts in this country a number of booklets, dealing with matters of health conservation and disease prevention. Together with a number of small pamphlets on special diseases, will be distributed periodically among the employees of this concern. They contain a great deal of information valuable in any home.  
Attractive insurance certificates, giving full details of the plan, will be presented to each employee in the near future.  
A bonnet with a presidential bee in it is expensive millinery.

**ASHLAND MILLS PROTECTS  
EMPLOYEES WITH INSURANCE**  
The 430 employees of the Ashland Cotton Mills of Jonestown City recently received a very pleasant surprise when announcement was made by the management that they had been provided with life insurance as a part of the company's appreciation of the value of loyalty, co-operation and continued service.  
The insurance will become effective on December 31st when all employees who have completed three months, but less than one year's service will be insured for \$500. Those who have completed one year's service will be insured for \$1,000. New employees will be eligible to participate in the benefits of the plan after three months' service.  
The insurance remains in force as long as the employee continues with the company, although he may continue it at his own expense should he for any reason leave. The cost of the policy is borne by the employee and the company; that is, the employee pays half, and the company the remainder.

**RE-ORGANIZATION  
SALE**  
Six years ago, the Pasnik Co. started in business with a small store in the Cranston building, at Norwich, Conn. with a new idea in merchandising—pay cash—sell for cash—no deliveries—small profits—large sales—no fine fixtures—a small overhead expense—with those ideas and very little money, pluck galore and a little backing we started.  
We are now operating five stores and we are in a position to eliminate our backers. We re-organize to do business with the least expense to us which means lower prices to you.  
Every article in our store reduced, no matter what it is.

### SCHOOL OF CITIZENSHIP PLANNED NEXT MONTH

The program for the school of citizenship to be held January 10 by the Connecticut League of Women Voters and the Willimantic State Normal school in cooperation in the nearby towns, attention of women in the nearby towns, Local leagues in Windham, Tolland and New London counties plan to send a number of representatives to bring back the new ideas about politics and government that will be offered by the speakers.  
The program follows: 10 a. m., Western Women at Work, Mrs. Lewis Rose of Hartford. Mrs. Rose has just returned from a speaking tour that included Oregon, Washington, Utah, Nevada and many other western states; 10.30, New Legislation in the General Assembly, Mrs. Herbert Knox Smith, President of the Connecticut League of Women Voters, and Mrs. Harlow Cheney, legislative chairman; 11.30, The American Party System, Prof. Henry W. Lawrence, Jr., of Connecticut College, New London.

The afternoon program will begin at 1.30 p. m. with an address on The Contribution of Women to Civil Life, George W. Shaffer, principal of the state normal school. At 2, a dramatic presentation will be given of the making of the United States Constitution. This is being arranged by Miss Katherine Bigley, teacher of history at the normal school, and by the following members of the senior class: Mildred Amidon, Arline Babson, Mary Beckley, Gladys Boardman, Emelle Bugbee, Annie Brand, Bernice Brennan, Helena Broderson, Elizabeth Brown, Flora Bruce, Miriam Champion, Dorothy Collins, Nettie Compaine, Edna Day, Helen Donovan, Geraldine Enos, Gertrude Fairbank, Alice Gadsbos, Mary C. Grady, Lucille Haggerty, Bernice Hall, Edna Hansen, Marie Hansen, Sally Harrison, Marion Healey, Dorothy Henrich, Ellen Hinchey, Isabel Hird, Winifred Holton, Helen Nash, Sonia Pollack.

In the evening a program is offered that will interest men as well as women. At 8 p. m., William H. Blodgett, state tax commissioner, will speak of Public Schools and the Taxing Power. Although Mr. Blodgett has been heard in the county on several occasions, this will be the first time that he has spoken on this subject. It is understood that he has new and possibly controversial ideas on the matter, which will be likely to arouse interest and discussion. At 8 p. m., Howard Bradstreet, Americanization director for Hartford, will speak on The Connecticut Tradition of Citizenship. The work that Mr. Bradstreet has done among aliens in Hartford, particularly during the recent unemployment period has attracted attention all over the state. Mr. Bradstreet recently spoke before the Women's Club in Willimantic and it is at the special request of members of the club that he has been asked to speak at the citizenship school in order that a still larger audience may hear him.  
Fortunately for stupid people, the weather changes often enough to give them something to talk about.

**MARRIED**  
ADAMS—FRIESE—In 1932, by Rev. M. J. Ayer, Herbert M. Adams and Miss Augusta Friese, both of Norwich.

Timothy, loose, 100 lbs. \$2.50  
Wheat, 100 lbs. \$2.50  
Market conditions: The demands for southern green feedstuffs, including kale, collards, celery and spinach have improved greatly during the past few days. The beef market is dull this week. Medium beef is supplied in large quantities on the market. Prime beef is not so plentiful. The demand for well as the quotations is slightly off on these products just now. The butter market is inclined to be lower as well as the lamb market. There are good supplies of lamb to be had now. The demand for this product is satisfactory as well as the quotations which are present range from 37-38 cents per pound.
